Based on CDC guidance SCPH will be offering Moderna & Pfizer Bivalent booster doses **2 or more months after the date of the most recent or last booster dose or the completion of your primary series** for the following individuals:

MODERNA

The Moderna Bivalent is authorized for use in individuals 18 years of age or older as a single booster dose administered at least 2 months after either:

- Completion of primary vaccination with any authorized or approved monovalent COVID-19 vaccine, or
- Receipt of the most recent booster dose with any authorized or approved monovalent COVID-19 vaccine.

PFIZER

The Pfizer Bivalent is authorized for use in individuals 12 years of age or older as a single booster dose administered at least 2 months after either:

- Completion of primary vaccination with any authorized or approved monovalent COVID-19 vaccine, or
- Receipt of the most recent booster dose with any authorized or approved monovalent COVID-19 vaccine.

SCPH encourages those residents who are vaccinated and unvaccinated to continue to engage in safe and effective behaviors to reduce the spread of COVID-19:

- Stay home if you're sick, even with mild symptoms
- Be mindful in your interactions with others. Limit your chances of exposure by maintaining social distancing of at least six feet from non-household members
- Wear a mask in public
- Follow good hygiene standards:
 - Wash hands frequently with soap and water for at least 20 seconds
 - Use hand sanitizer frequently
 - Avoid touching your face
 - Cover coughs and sneezes

If you have questions, please call the COVID-19 Call Line (330) 926-5795. The call line is open from 9:00 a.m. to 4:00 p.m. M-F.
